

RUSSIAN TECHNICAL REGULATION ANNOUNCEMENT

Title	Manufacturer and its local representative takes responsibility for annual inspection
Date	July 29, 2021
Authority	Federal law
Technical Regulation scope	EAC CoC
Information source	http://www.consultant.ru/document/cons_doc_LAW_40241/
Provided by	RC company
Contact	info@rus-cert.com

Summary

In accordance with Russian federal regulation from 2021.09.19, applicants shall take responsibility for their annual inspection of the certified equipment and control that it will be completed in time.

Otherwise, CoC will be cancelled, and the certification body will not be able to help, because now it's done automatically. For this reason, it's strongly recommended to control the timing of your annual inspections.
